

A NEW Publication From ADIRONDACK ARCHITECTURAL HERITAGE

# WHITE PINE CAMP

The Saga of an Adirondack Great Camp  
and Summer White House

By Howard Kirschenbaum

White Pine Camp is one of the Adirondack region’s prized historic places. This new book explores White Pine Camp’s fascinating story, including the design and building of its unique architecture through a collaboration of architects William Massarene and Addison Mizner with master builder Ben Muncil. Kirschenbaum discusses a parade of prominent owners throughout the 20th century, its use as the 1926 summer White House by Calvin Coolidge, as well as its use by Paul Smith’s College over 35 years. And, it explores the inspiring historic preservation case study which brought the camp from near destruction to restoration to its bright current use of charming guest accommodations and public historical tours. *Book 8.5 x 11; soft cover, 250 pages, 195 photographs and illustrations.*
